## Your trusted partner for premium liquids!

At Wotan Solutions GmbH, we are dedicated to our mission of providing customers with superior products in automotive care, household cleaning, leisure, BBQ, and chemical procurement, all at consistently competitive prices. We firmly believe that high quality and appealing prices can coexist harmoniously.

### Our vision is founded on three fundamental pillars

#### **Excellence without Compromise**

By concentrating on a manageable core range and tailoring our offerings to meet customer-specific requirements, we consistently ensure high quality. This commitment starts with the careful selection of raw materials and culminates in rigorous quality control prior to dispatch. We exclusively offer products whose functionality and quality we personally endorse!

#### **Proximal to the Client**

Europe: we exclusively manufacture our products here and source our raw materials locally. We naturally transfer the cost advantages derived from this to our customers, resulting in:

Near to the customer!

#### **Focus on the Core Product Range**

We understand our capabilities! Simultaneously, we remain adaptable and customer-focused. Nonetheless, we will only broaden our core product offerings when they align with our business model, consistently prioritizing our quality standards and customer engagement.

We offer our customers products under our brand "Wotan's," and private or white label options. Leveraging our extensive expertise, we can also supply the chemical raw materials necessary for your production.

We are delighted to extend our offer and to welcome you as a valued customer.

# Wotan's De-icer Spray

The definitive solution for swiftly and efficiently eliminating ice and frost from your vehicle's windshield, windows, or locks. With its potent formula, Wotan's de-icer spray guarantees a rapid and dependable return to the road, even in the most severe winter conditions. Convenient and user-friendly, it is an essential product for every driver throughout the winter season.

- **Rapid-acting formula:** Effectively dissolves ice and frost upon contact, reducing wait time and enabling a swift return to the road.
- **Durable protection:** Upon application, the formation of new ice is inhibited, ensuring that your windshield and windows remain ice-free for an extended period.
- **Gentle on surfaces:** The formula is mild on your vehicle's glass and paint, causing no damage and leaving no residue, thereby ensuring a clean and clear outcome.
- **Convenient refill option:** The refill bottle enables the reuse of the spray applicator, minimizing waste and conserving resources, thus presenting an environmentally sustainable and cost-effective solution.
- **Compact Bottle Design:** The spray bottle is crafted for convenient storage in door pockets, side compartments, or the trunk of your vehicle, ensuring it is readily accessible whenever needed.

▶ Also offered in a refill bottle.

# Wotan's Frost Protection for Marina and Camping

An antifreeze solution specifically designed for winter application in boats and mobile homes. It safeguards water and cooling circuits from freezing in low temperatures and guarantees the safe operation of fresh water systems, heating circuits, and closed systems in mobile homes and yachts, even in sub-zero conditions. Antifreeze Marina & Camping is appropriate for use in drinking water systems and is non-damaging to pipes and lines.

- **Non-toxic formulation:** Safe for application in drinking water systems. Perfect for utilization in marine or camping environments.
- **Versatile application:** Safeguards various systems, including freshwater and heating systems in boats and recreational vehicles.
- **Effective frost protection:** Successfully prevents freezing even at low temperatures during outdoor winter storage.
- **Corrosion protection:** Safeguards against rust and corrosion, help in prolonging the service life of pipes and various systems in vehicles and boats.

# Wotan's seasonal window cleaner

Provides optimal convenience—simply fill it up and you're ready to go. Compatible with all standard surfaces, it merges streak-free cleaning efficacy with invigorating fragrances, rendering it an essential product for the entire automotive summer and beyond.

► Ready-to-use and in concentrated form

Available container dimensions

► 1L ► 5L ► 10L ► 20L ► 60L ► 200L ► 1000L IBCs

# Wotan's Grill Lighter

Barbecue lighting liquid is a combustible liquid specifically designed to ignite charcoal or briquettes swiftly and effortlessly, allowing you to commence your barbecue gathering in a leisurely fashion or to kindle a warm campfire.

- **Fast Ignition:** Quickly ignites wood, charcoal, or briquettes, reducing the time and effort needed to start your grill or fire.
- **User-friendly:** Convenient bottle designed for precise pouring and effortless ignition.
- **Consistent performance:** Guarantees uniform combustion.
- **Versatile application:** Perfect for charcoal grills, campfires, and various outdoor uses.
- **Clean burning:** Engineered to reduce smoke emissions.

## Available container dimensions

► 1L ► 5L ► 10L ► 20L ► 60L ► 200L ► 1000L IBCs

# Wotan's Algae & Green Growth Eliminator

Our algae and green growth remover is exceptionally effective against moss, algae, lichen, and other green growth on outdoor surfaces. It restores their original appearance while simultaneously preventing new growth. Suitable for terraces, driveways, roofs, fences, and garden furniture, it provides enduring protection and cleanliness.

- **Efficient elimination:** Effectively eliminates moss, algae, lichen, and other green deposits.
- **Durable, sustainable protection:** Inhibits new growth and maintains cleanliness in outdoor spaces.
- **Versatile application:** Appropriate for a range of surfaces including terraces, driveways, roofs, fences, and garden furniture.
- **User-friendly:** Pre-prepared and also offered in concentrated form.
- **Gentle on surfaces:** Mild on materials, robust against green growth.
